

## St. Patrick's Church's Social Justice Committee's Mission Statement

The foundation of St. Patrick's Church's Committee for Social Justice is the belief in the God given dignity of every human being. Acting upon this belief, it is the purpose of this Committee to bring Christ's justice to social life in ecclesiastical and secular communities. The sphere of this endeavor encompasses local, national, and international activities and relationships. Through prayerful reflection and discussion, the committee will employ strategies to enhance the consciousness of communities to violations of justice and to directly undertake activity to change those social, economic and political structures which are responsible for those violations. *The end to be realized is corrective change in those areas where change is possible and to support those structures that currently do promote the enjoyment of the fullness of life that Christ intended for all persons.*
